ABE: Back to the Basics in Language Arts & Mathematics Workshops

Workshops are now available for registration and participation is encouraged. The latest professional development offering from Florida IPDAE is focused on Adult Basic Education. This full-day, interactive training will provide attendees with skills, research-based strategies, and activities in the areas of ABE Language Arts and Mathematics. [Register Today!](#)

Adult General Education Data Reporting Workshops

The Adult Education Data Reporting workshops will be delivered in a series of leader-facilitated discussions. Beginning with the assumption that the local data is correct and presents an accurate picture of your agency, aligned with FDOE data-reporting requirements, the facilitators will lead a group discussion beginning with an assessment of the local level data reports, generated in pre-workshop activities. That analysis will lead to the development of performance-related goals for Adult Basic Education (ABE), English for Speakers of Other Languages (ESOL), and GED® and a series of action steps leading to accomplishing the group-established goals. Virtual Workshops Coming Soon!

Often adult education practitioners are unable to attend face-to-face workshops. So, IPDAE is planning to bring the training to you through a virtual format. Stay tuned for a new virtual training coming your way in April of 2017. The first of three workshops that will address effective ways to incorporate technology standards into your lessons. This interactive forum promotes user engagement and allows participants to interact virtually with colleagues from around the state. If you would like to be a host site contact **June Rall** at info@floridaipdae.org

E-Trainings Update

The newly updated CASAS e-training is now available! Also, new GED® Math & Science e-Trainings will be released the Spring of 2017. These modules are the continuation of the modules currently available for Adult Secondary Education (GED® Prep) course. Access the [IPDAE E-Training Center](#). For an overview about how to access and use the trainings, view a new [e-Training Tutorial Video](#) to assist users with getting to know the IPDAE e-Training Center.
