

## **Advancing Contextualized Instruction in Corrections**

**Date:** See Registration Information      **Time:** 9:00 a.m. – 2:00 p.m.

**Location:** See Registration Information      **Presenters:** Ronald Cruz

**Description:** This workshop will reinforce adult educators' existing understanding of contextualizing instruction to help build the foundations for future IET Programs in correctional facilities. By capitalizing on available career technical programs in corrections, participants will build sample curricula and lesson plans that will help accelerate inmate's career pathway, promote relevance and engagement in classrooms, ensure successful reentry and ultimately reduce recidivism. The workshop will focus on specific careers in various clusters such as: entrepreneurship, manufacturing, human services, hospitality, marketing and sales. Adult educators will walk away with lots of lesson ideas and resources that can be implemented immediately in the classroom.

### **Agenda**
