

20 Minutes of Fame Presentation
Operational Questions/Guidelines for Presentation

Networking with the other Accelerating Opportunity programs is very important. Why reinvent the wheel when we can learn from each other? We are providing you with 20 minutes of fame at the May 22nd professional development activity. We ask that you work within your program to develop a 15 minute PowerPoint presentation and a 5 minute Q & A follow-up. Please bring 20 copies of any information you will share with the group. Specifically include sample brochures or other marketing tools. Please e-mail your PowerPoint presentation to Sarah Goldammer by May 9th so we can provide a seamless transition from one presentation to another.
