

IPDAE Virtual Conference

Description and Agenda

Developed by: Ronald Cruz

Conference Description

Welcome to IPDAE's first ever virtual conference! This ground-breaking endeavor in the area of professional development will allow the Florida Department of Education in partnership with Florida IPDAE to reach more teachers and administrators in all corners of the state. This first virtual conference will cover the major areas of adult education: Adult ESOL, Adult Basic Education, and Adult Secondary Education or GED Preparation towards entry into college or career/technical education. This virtual conference will focus on planning, instruction and assessment, giving you plenty of opportunities to work with a site-based facilitator or subject matter expert while working in collaboration with your peers. Participants in this virtual conference will receive immediate feedback, allowing them to immediately apply their learning to their daily practice. The content of this conference aligns with the College and Career Readiness Standards for Adult Education and Florida Adult Education Curriculum Frameworks for ESOL, ABE, AHS and GED Prep.

Draft Agenda
